

Q1  
What is the direction from X to B?

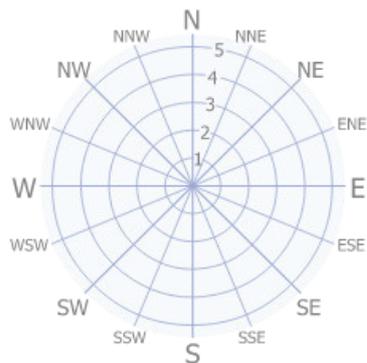

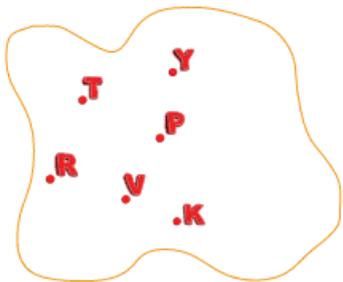

- North-west
- North-east
- South-west
- South-east

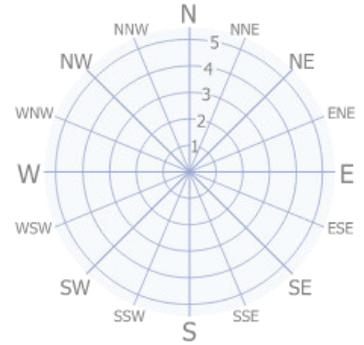

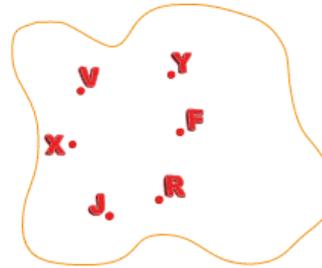

Q2  
From J, which point is 3 km E?

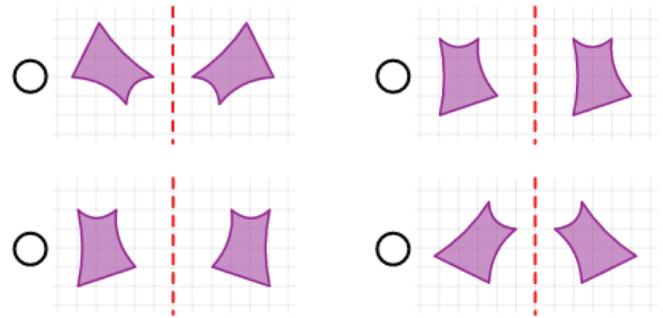

Q3  
From K, which point is 2 km WNW?

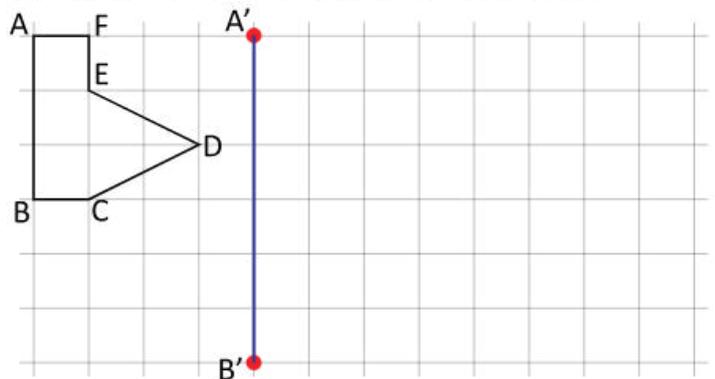

Q4  
From V, which point is 4 km ESE?

Q5  
Which image does NOT show a reflection in the line?

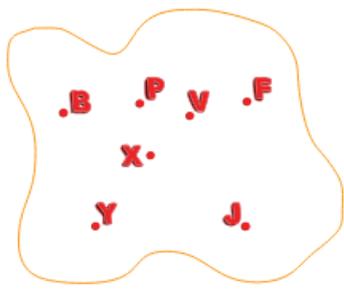

Q6  
Enlarge this shape by a scale factor of 2 by choosing each new vertex. A' and B' are already done for you.

The new shape's area is  
 double the original area  
 more than double the original area

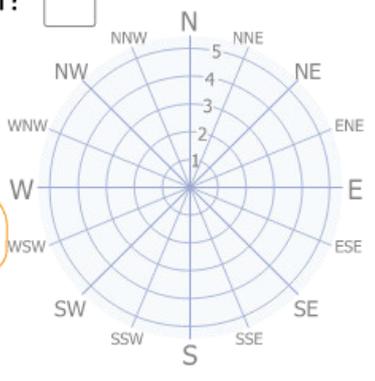

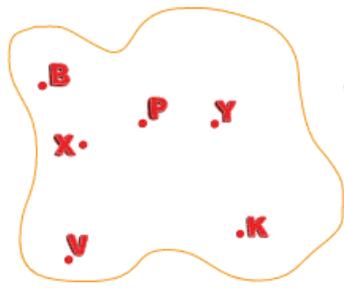

Q7

From V, which point is 2 km SW?

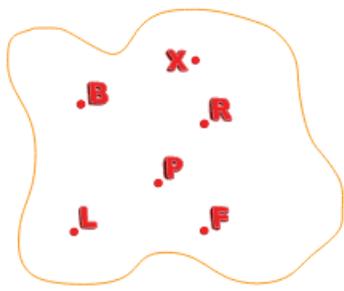

Q10

Start at X. Go 3 km SSE, then 5 km NE. Where do you finish?

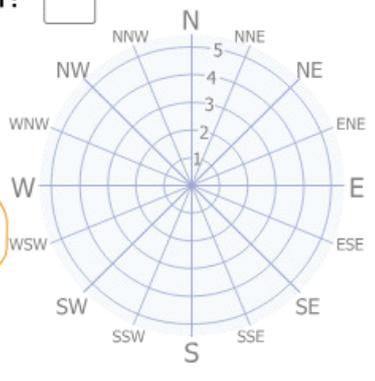

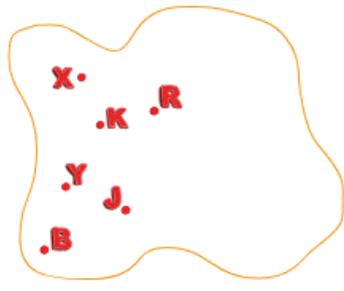

Q8

From P, which point is 4 km NW?

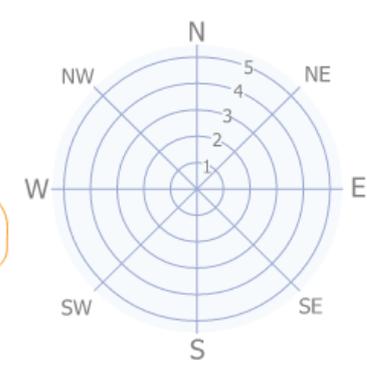

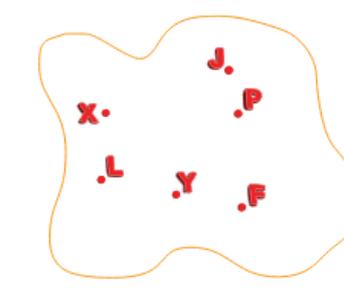

Q11

Start at R. Go 2 km ESE, then 4 km SW. Where do you finish?

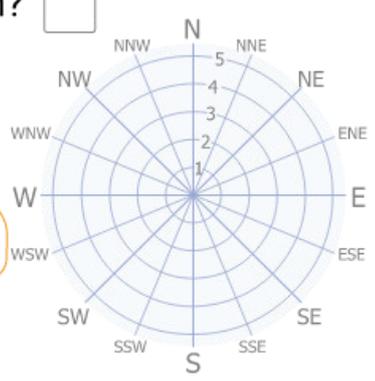

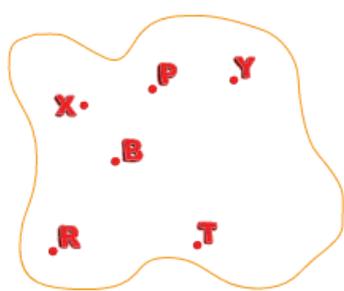

Q9

From X, which point is 5 km E?

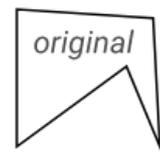

Q12

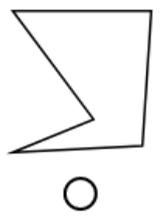

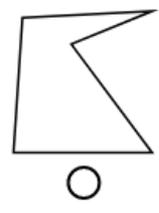

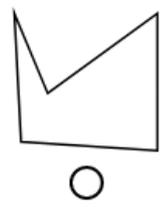

Start at T. Go 3 km NNE, then 4 km NW. Where do you finish?

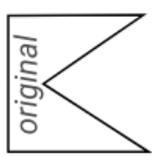

Q13

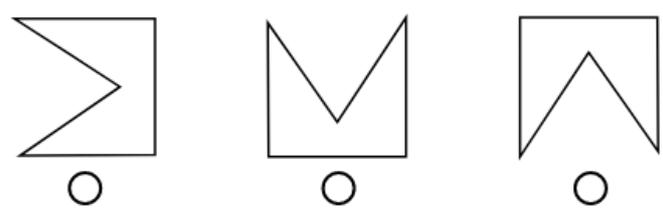

Choose the image showing a 90° anti-clockwise rotation of the original shape.

Q14

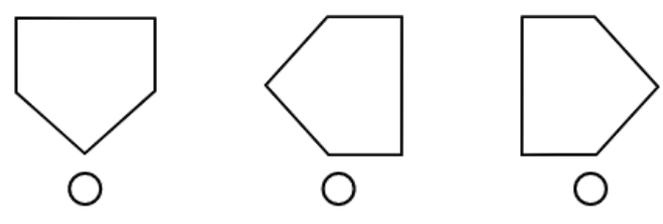

Choose the image showing a 90° clockwise rotation of the original shape.

Q15

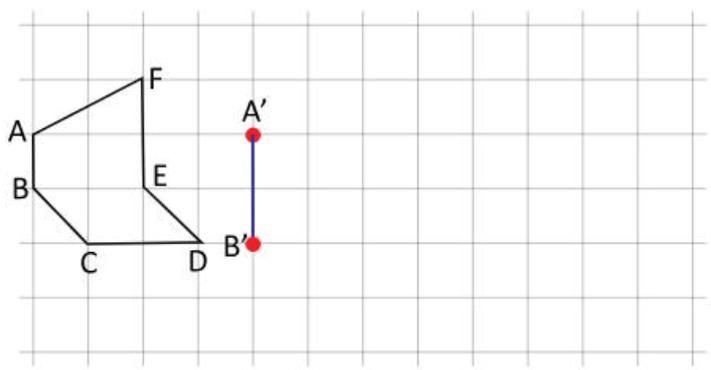

Choose the image showing a 90° clockwise rotation of the original shape.

Q16

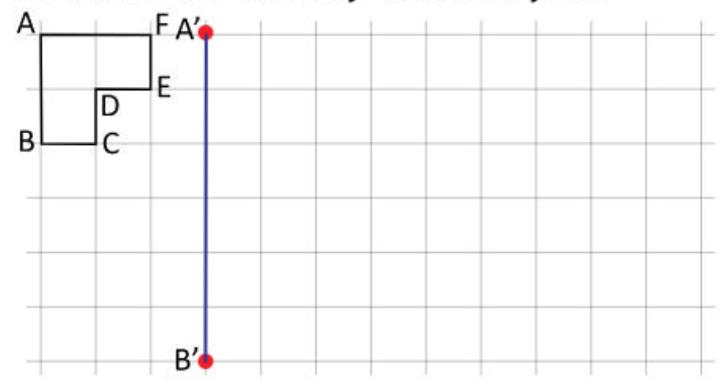

Enlarge this shape by a scale factor of 2 by choosing each new vertex. A' and B' are already done for you.

The new shape's area is  
 double the original area  
 more than double the original area

Q17

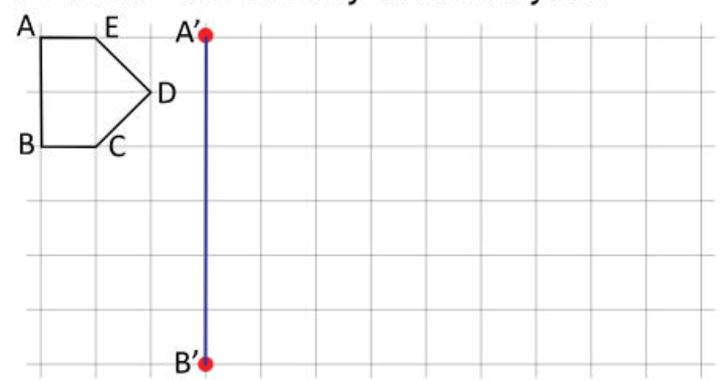

Enlarge this shape by a scale factor of 3 by choosing each new vertex. A' and B' are already done for you.

The new shape's area is  
 triple the original area  
 more than triple the original area

Q18

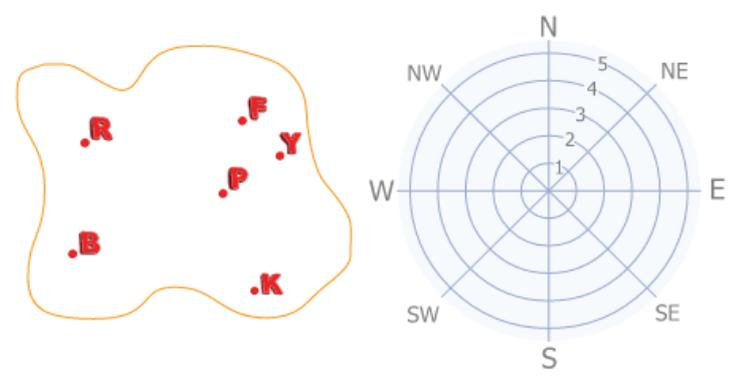

Enlarge this shape by a scale factor of 3 by choosing each new vertex. A' and B' are already done for you.

The new shape's area is  
 triple the original area  
 more than triple the original area

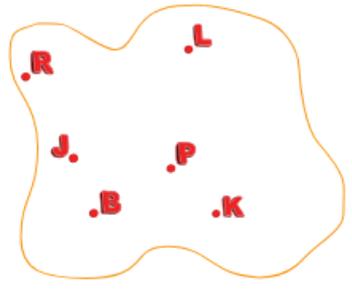

Q19

Start at B. Go 5 km north-east, then 4 km east. Where do you finish?

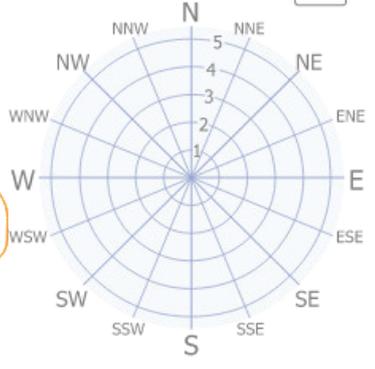

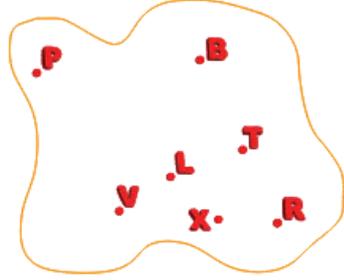

Q20

Start at P. Go 4 km north, then 5 km south-west. Where do you finish?

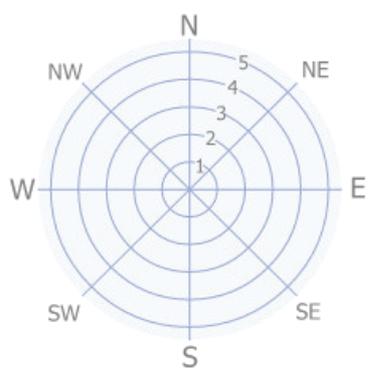

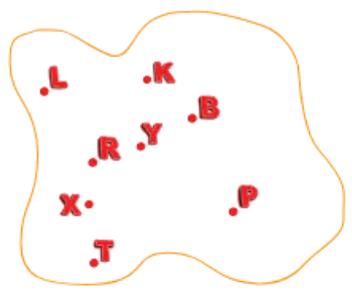

Q23

Start at V. Go 2 km NW, then 3 km NNE, then 5 km ESE. Where do you finish?

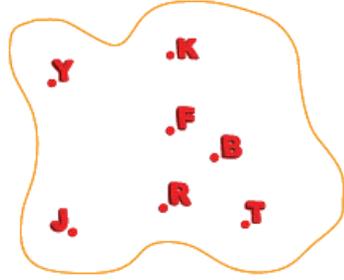

Q21

Start at X. Go 4 km east, then 3 km north-west. Where do you finish?

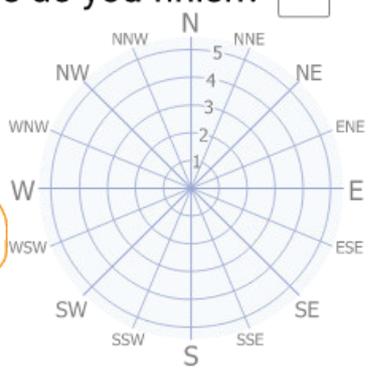

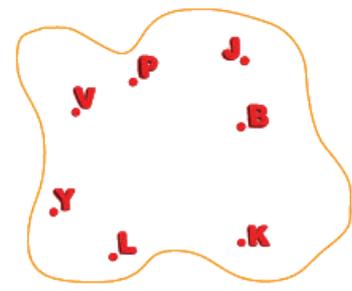

Q24

Start at K. Go 4 km SW, then 3 km SSE, then 2 km WSW. Where do you finish?

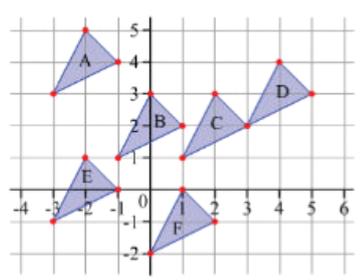

Q22

Start at V. Go 4 km SE, then 3 km NNE, then 5 km SSE. Where do you finish?

Q25

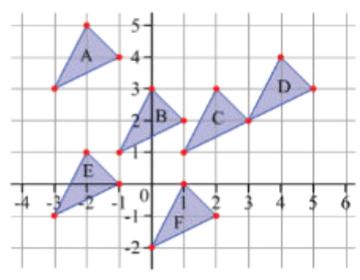

Which translation maps C to D?

- 2 left
- 3 left, 4 up
- 3 left, 1 down
- 2 right, 1 up

Q26

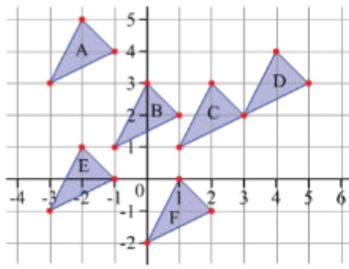

Which translation maps C to E?

- 4 left, 2 down
- 4 left, 2 up
- 1 left, 3 down
- 2 right, 1 up

Q27

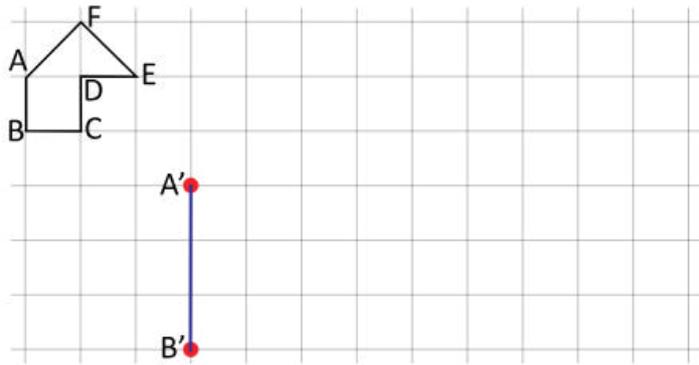

Which translation maps F to E?

- 1 left, 3 up
- 2 left, 3 down
- 3 left, 1 up
- 1 right, 3 up

Q28

Enlarge this shape by a scale factor of 3 by choosing each new vertex. A' and B' are already done for you.

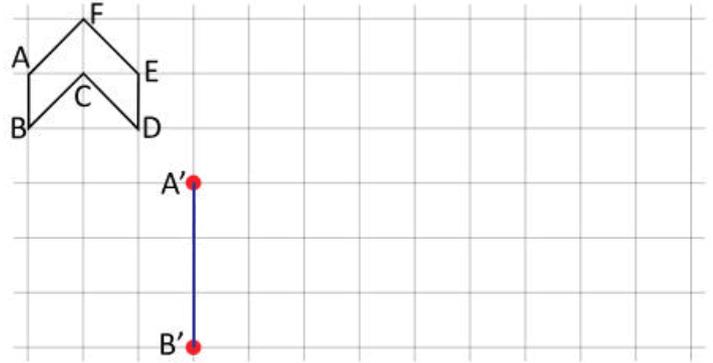

The new shape's area is

- triple the original area
- more than triple the original area

Q29

Enlarge this shape by a scale factor of 3 by choosing each new vertex. A' and B' are already done for you.

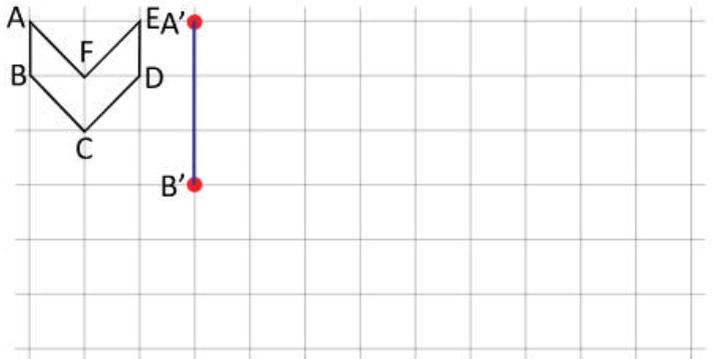

The new shape's area is

- triple the original area
- more than triple the original area

Q30

Enlarge this shape by a scale factor of 3 by choosing each new vertex. A' and B' are already done for you.

The new shape's area is

- triple the original area
- more than triple the original area
